

# Supernova experiments on the LLNL's Nova laser are generating wide interest

- *Sky & Telescope*, Nov. 1997 (cover shown)
  - “Astrophysicists are cautiously hopeful”
- *Science*, April 1997
  - Bringing the Stars Down to Earth (J. Glanz)
  - “Opening an era of hands-on astrophysics”

November 1997

“Uncanny likeness:  
Instabilities in a computer  
model of a supernova and  
a submillimeter-sized  
laser-fusion target.”
